

# PDI Security Awareness Training as a Service

Build a human firewall. Reduce risk.  
Boost resilience.

Most cyberattacks start with a simple human error—like clicking on a phishing link. In environments with high staff turnover, limited IT coverage, and increasing regulatory scrutiny, it's extremely difficult to manage employee training manually.

PDI Security Awareness Training as a Service™ is a fully managed solution that helps businesses protect data, meet regulatory requirements, and reduce risk—without adding internal burden. Core service components:

- Complete portal setup and configuration
- Administrator training and platform orientation
- Security awareness campaign design and deployment
- IAM integration and user synchronization
- Targeted phishing simulation program
- Ongoing management and support

## REDUCE RISK

Behavior-changing simulations

## SIMPLIFY COMPLIANCE

Built-in tracking and reports

## DEPLOY QUICKLY

Preconfigured setup and onboarding

## INCREASE ENGAGEMENT

Mobile-ready, front-line-friendly content

Satisfy regulatory audits with automated tracking and exportable reports across all employee locations.

## Why Security Awareness Training Matters Now

Human error causes over 80% of security breaches. Regulations like PCI-DSS, HIPAA, and GDPR mandate employee security awareness training. Ransomware and phishing threats are increasing, and board-level attention to security posture is rising.

## Where to Start

- Ideal for distributed organizations with 5 to 500+ locations
- Designed for teams with limited IT bandwidth or high staff turnover
- Helps simplify compliance workflows and audit readiness, no matter the complexity

## What You Get

- Monthly 1-minute videos and simulations
- Multilingual microlearning (11+ languages)
- Dashboards and reporting with user-level tracking
- Compliance-ready reporting

Launch employee training in days, not months—with no heavy lift for your team.

## Outcomes You Can Prove

- Lower training burden for IT/compliance
- Reduced risk from employee error
- Simplified audit reporting
- Higher cyber insurance eligibility
